## Our Mission

Historically, Americans have shown their support to our Troops serving in times of war in many ways. By writing letters, mailing care packages, welcome home events, or by showing support for a deployed service member or Veteran's family, Americans have opened up their hearts, homes, and wallets to show that they support those who serve. **Operation: Care and Comfort (OCC)**, our all volunteer 501(c)(3) organization, is proud to continue this tradition of service. Our unique program allows caring Americans to donate their time, talent, and treasure to honor those currently serving our country and those who have served.

## OCC in Action!

## Adopt a Military Family

Our program allows individuals, organizations and companies the opportunity to anonymously "adopt" a military family or veteran during the holidays, and throughout the year. Your donations help to purchase gift cards and other items for military families in need.

## Tickets for Troops

Working with sports teams, event venues and season ticket holders, OCC has distributed tens of thousands of donated tickets to service members, military retirees, veterans and military families throughout the San Francisco Bay area and Northern California, **Free of Charge!**

## Care Packages

We provide support and comfort to "adopted" units of deployed U.S. military service members serving in conflict regions worldwide! Working within our NORCAL community, we assemble and ship up to 20,000 pounds of care packages to our adopted units every month through the **United States Postal Service.**
